About Us

MyHealth Medical Centre is a family and occupational health clinic located in West Coast. We started in 2013 and have served the needs of the residents and companies of the area. We are now providing services to patients and companies islandwide thru our mobile medical services. We believe that health is very important to all of us and that as a medical centre, we are able to not only ease the suffering of illnesses but to also improve our wellbeing. We offer personalized health services which is one of the main reasons as to why we are called "MyHealth Medical Centre".
